
I'm Here!

I finally made it to the new website! It was a little intimidating for the computerly retarded people like myself at first, but I think I'm getting the hang of it.

Missing all you Berubians... dealing with some financial and family issues, but can't wait to get back to workshop and doing shows again. See you all soon!

lots of x's and o's,
Veronica

A full reply will refresh your page and give you lots of neat little options for posting (like pictures, fonts, etc).

A quick reply instantly puts a text box on your screen without a page refresh, but you don't get all the neat options.

I use quick reply generally because it saves a lot of time.
