
New Theatre (pics)

Posted by theatrebrad - 2008/01/11 03:46

Pictures from the new theatre are up.

As you can see Ron and Chris still need a lot of help to finish the work. It's a beautiful space with two levels and box VIP seats....but those seats need to go in. Contact Ron Breach (you can find in in the "Our Members" section) with your availability and skills.

Brad...where are they? Do you have them on your MySpace? I'll check them out...I'll add you on, too.

Of course...in the GALLERY...you know, my Latin teacher always said the eager student turns the page...he always said it, because I really wasn't much of an eager student! LOL!!!

Thanks for putting those up, Brad. Can't wait to see the real thing next week.

The New Theater is now functional with lights, sound and seating. There is a lot more to do to finish this New Theater but we can now start enjoying it. I have posted some more photos in the Gallery under New Theatre that Brad started.

Geoff Wheelan and myself will be working one day a week to finish our new theater.

If you want to help contact me.
