Chris has decided to give all the OC theatre money to me for a new car.

Yeah right.

It is my understanding that the money that Chris had for the Orange County theater had to be used to rebuild the Tres Stage which is looking great. Last time I talked with Chris he said to give it about three months and then we could start looking for a new Orange County Space most likely in Santa Ana.

If we could find an existing theater space to take over that would be great.

Oh, thertrebrad I thought it was a pair of roller-skates

Hi Ron!

Thanks for coming to my show the other week. Are you coming to the Beach House?
